tors, who are rising again to a position from which they hope to strike for a first division berth, won the first game of the series from New York by a score of 2 to 0. The defeat lowered the Yanks back to fifth place.

Johnson's performance to-day was back to fifth place.

Johnson's performance to-day was cashly his best of the season or the Yankee hitting was mighty poor. Had Donovan placed a team of green schoolboys against the local Gatting Gun he would have fared as well. Walter had all of his old time speed and snapped that fast one over in such a way that the poor Yanks were completely fuddled. They couldn't even make the fadding the strike for a with the Brooklyn boys, as well as with the Floyal army of adherents. It filled the Superbas with new "ambish," and this morning they look at the world a little more cheerfully than they did yesterday. Robby's boys are again in the lead, but they share the top perch look as though the Superbas could win a fat man's race. They acted like a fat man's race. They acted like a fat man's race. With Baker back at third, Fritz Maisel was switched over to second, a position he will likely fill hereafter. It is Domovan's present plan to start next season with the infield he used to-day and stand pat on High, Magee and Gilhooley for the outfield. Fritz didn't get much chance to-day to show what kind of a second haseman he will make, as he got only one chance.
